I confirm all of the following statements are true: ☐ YES ☐ NO

The service dog:

- Has been trained to behave in a public setting.
- Will remain under the control of its handler at all times. I understand the service dog must be harnessed, leashed, or tethered at all times in the airport and on the aircraft.
- Does not act aggressively by biting, barking, jumping, lunging, or injuring people or other animals.
To the best of my knowledge, the service dog has not behaved aggressively or caused serious injury to another person/dog/animal.
- Does not urinate or defecate on the aircraft or in the gate area.

I understand that:

- If the dog shows that it has not been properly trained, then the airline may treat the dog as a pet, including by charging a pet fee and requiring transport in a pet carrier.
- I understand that airline may charge me for the cost to repair damage caused by the dog, provided the airline would also charge passengers without disabilities for the same.
